

What is GSSI.....?

GSSI is a two-year pilot project to promote a culture of disaster safety to be carried out in 150 schools in three cities of Gujarat - Ahmedabad, Vadodra and Jamnagar. The project team would engage with schools to build school level disaster management plans, organize drills, hold exhibitions, plays, lectures for creating awareness on safety.

Objectives.....

Promote "Culture of Disaster Safety" in Schools

Reduce Risks through Structural and

Non Structural Corrections

Prepare School Disaster Management Plans (SDMP)

Establish Emergency Management Responder Committees and Task Forces in Schools

Prepare Appropriate Tools for Training School Teachers and Students in Disaster Reduction

Activities.....

Disaster Safety Awareness Campaigns

Demonstrations and Mock Drills on School Safety

Training of Task Forces in Search and Rescue, First Aid, Coordination, Safety Issues

Suggestive Measures on Reducing Seismic Vulnerability of School Buildings

Room Wise Evacuation Plans
